Objectives and Goals

Substance Control Medical Management

Leading the Fight: The World Wide War Against Drug Abuse

and Premier Transitional Care

The **Substance Abuse Medical Mgmt (SAMM)** and **Premier Transitional Care Program** are licensed, independent organizations that seek to be a leader in intervention and motivational services for at-risk youth.

Our mission is to address the causes and consequences of crime and violence through research, demonstration and advocacy, as well as providing a deterrence to criminal activity through tools that motivate staying in school and counseling specific to substance abuse and testing.

Since our founding in 2007, and establishment we have begun to develop new concepts and programs in substance abuse testing and counseling as well as intervention and motivational services promoting equality in restorative justice within the social and criminal justice systems.

Motivation & Intervention

The intent is to create a full 'wrap-around' program that supports the dream by providing: transitional care; substance abuse counseling; financial and job skills training soft-skills and a hand that supports empowerment and encouragement.

Additionally, for a young person that has already been 'labeled', the intent is to intervene through counsel, testing and use of creative programs that provide motivation to change.

Premier Transitional Care House

Substance Abuse Counseling & Testing

The objective of our organization is to team up with Government and County Agencies, in addition to outside independent professional organizations with credentials in order to facilitate research as well as the provision of services that serve to protect and/or diminish destructive behavior for compliance to court mandates.

Our Services include these main areas of focus

1. Substance Abuse Counseling
2. Transitional Housing Services
3. Access to licensed & certified nursing staff that have a cultural sensitivity to the young persons needs.
4. Access to information supporting
 - Education and Training
 - Vocational Programming
 - Employment and Job Shadowing
 - Mentoring
 - Life Skills

Substance Control Medical Management Services and Premier Transitional Care Program

is currently listed on the 211—24 hour Los Angeles & Riverside County Referral Services Information line. We provide services for the Department of Children—Family Services, Family Court, Law Firms, The Probation Department in addition to Commercial Facilities that require testing and transitional care.

Quest Diagnostic is the Laboratory that analyzes all of the test results.

Substance Control Medical Management Services can have Urine, Serum, and Hair Follicles tested and analyzed with all results provided within 24-48 hours. A certified medical review officer reviews all test results, positive or negative.

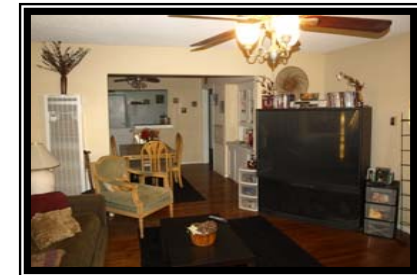

Substance Control Medical Management Services has contracted with the U.S. HealthWorks and their test sites.
